

OF C. TO PROTEST BUS LINE PLANS

Extension of Cannonball Fa-
cilities From Chillicothe to
Columbus Opposed.

At the regular meeting of the
Board of Commerce Tuesday
night it voted to file protest with
the Public Utilities Commission
against granting the request of the
Cannonball Transportation co.
extending its bus line from Chil-
licothe to Columbus and carrying
passengers along this route be-
tween intermediate points.

The board granted this permission,
the company intends to use the
Cannonball pike. At the present
time the Inter-State bus line is op-
erating between Charleston, W.
and Columbus carrying

rough passengers and the Can-
nibal line is now operating be-
tween Huntington and Chillicothe.
The Chamber of Commerce be-
lieves the passenger service be-
tween Chillicothe and Columbus is
being taken care of by the Scioto
Valley Traction Co. which is a
big tax payer in the county.

POSTERS UNSIGHTLY
President G. W. Fitzpatrick ap-
pointed a committee to see the
relative to the unsightly
appearance of the telephone poles
in the city. Most of them are
covered with posters, some partly
off and hanging down, and a
stranger present a sad ap-
pearance.

Bob Brehmer entertained the
members with movies of the
Circleville Show after the business
meeting. Bob has developed into
an experienced photographer
and in the 800 feet of film shown
at school parade and other scenes
as much if not more enjoy-
able than the actual scenes.

PARADES ARE SHOWN
Every part of the school parade
was taken by Bob. The pet par-
ade and baby parade were in-
cluded. That wasn't enough of
the show so he took some of the
scenes of the Pumpkin section
and he had all of these interest-
ing pictures to show to the
members. The school children
were really an interesting pic-
ture and Bob is showing
the films to the school children
evenings in his garage.

ONNIE TOLES CAUGHT HERE

Appointed inmate of Lima State
Hospital Captured at Mid-
West Plant.

Onnie Toles, 24, colored boxer,
Circleville, who escaped from
Lima State hospital for the in-
sane on September 8, 1928, was
arrested by Sheriff Frank Davis
and Carl Porter, deputy, Tuesday
at the Mid-West Box fac-
tory, where he was loafing.

Toles is said to have spent most
of his time in Cleveland since his
escape. He was admitted to the
institution in May, 1927.

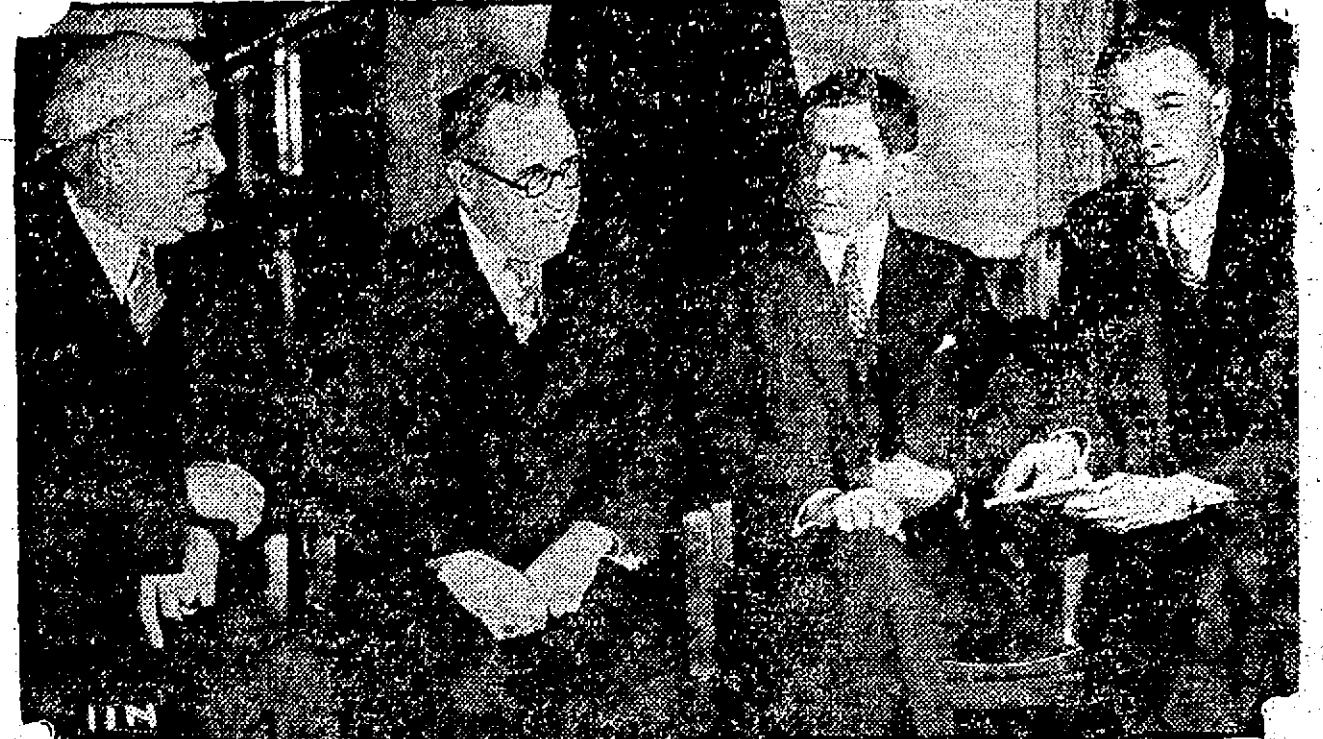

Records in Circleville show that
Toles was arrested April 24, 1927,
for robbing Charles E. Fuller of
\$21. According to police
records he was jumped on the car driven by
him, robbing him of the money.
Toles was given a hearing before
Judge George Fitzpatrick and
was ordered to the grand jury.
While in the county jail Toles
had his head against the cell
bars and showed signs of insani-
ty. Toles was well known in Cir-
cleville as a colored boxer.

CIRCLEVILLE BOY RECEIVES PRAISE

U. M. Barnes, of S. Court-st.,
received a letter from Profes-
sor Walter J. Shepard, dean of the
College of Liberal Arts of Ohio
University, extending con-
gratulations to him and his son
George Clinton Barnes, upon the
standard of academic work
obtained by this student during
school term.

Among other things Professor
Shepard says: "The annual
book contains the names of those
who received the grade of 'A' in
last half of their work and an
average of 'B' in the
half during the preceding
year. Not over four percent
of the entire enrollment in the Col-
lege of Liberal Arts during the
year qualified under these
standards. We feel that this is an un-
usually high honor and worthy of
the highest commendation. It is our
pleasure to share with you your
achievement."

Sadness Prevails in Stable as Circus Animals Await Their Fate at Auction

Trained Groups of Ponies and
Dogs Probably Will Be
Separated At Sale.

There is something a bit sad
about the public auction which
will take place Saturday at
Mayor Hedges' barn on W. Main-
st. At that time the horses, ponies
and dogs that made up the
Eldridge and Bentum circus will
be sold to the highest bidder. The
public sale probably will be their
last public appearance together.

At the sale "Sparkle," the edu-
cated horse, will be turned over
to a new master, who may be an
old hand at the trained animal
game, and understand the psy-
chology and feelings of a horse,
or one who may buy the horse as
an investment, with no feelings in
the matter whatever. "Sparkle"
will miss his master, who spent
years training him. There is Sil-
ver King, a beautiful stallion with
a silver sheen coat, who must be
wondering what it is all about,
and why he is not called to the
ring. He knows there is some-
thing sadly wrong, and he looks
around him all the time, searching
for something or someone.

Then there are the fat rolly-
polly ponies which performed with
clock work precision in their cir-
cus ring. Little did they know
that it was their last time to be
together when they stepped jaun-
tily onto the floor at the C. A. C.
gym a few weeks ago. Probably
never again will their plumed
heads bob side by side as they
kick up their heels, and nudge
each other to step over a little so
the spectators can get a better
view.

The dogs have sensed the dis-
mal atmosphere of the situation
and have accepted their fate with
true canine philosophy. They are
physically comfortable but even
they appear to prefer bumping
along in a box car on their way
to an indoor circus production,
than to be sitting idle.

A trained dog's life is perhaps
cruel, if some of the tales of train-
ing animals are correct. Maybe
they have been abused when they
were learning their tricks, and
maybe they were taught with love
and patience. But no matter,

TRIAL IN LARCENY CASE STARTS HERE

The second criminal case on in-
dictments returned by the October
grand jury was up for trial Wed-
nesday but at 1 p. m. no petit jury
had been impaneled to hear the
case.

against Clark Grabbil, of Pick-
away-co. Grabbil is charged with
grand larceny and is alleged to
have stolen 25 fleeces of wool
valued at about \$125 from A. W.
Minnick, of near Derby, on June
18, 1928.

Thirty-one witnesses have been
subpoenaed for the trial. Grabbil

QUIZ CAPTAIN ABOUT STORY

Federal Authorities Check On
Statements Made by Sur-
vivors of Vestris.

NEW YORK, Nov. 21.—The
question of just what Captain
Frederick Sorenson, a licensed
ship master who was a passenger
on the S. S. Vestris, said upon his
arrival back in New York was the
first point taken up today at the
federal investigations, into the
sinking of the South American
liner.

When Sorenson was brought in
on the rescue liner American Ship-
per, he was widely quoted as say-
ing that Captain William J. J.
Carey of the Vestris was guilty of
criminal negligence and that the
life boat crews were "murderers."
The commerce department hear-
ing, conducted by Dickinson, N.
Hoover the supervising inspec-
tor general of the steamboat in-
spection service, was the first to
get underway this morning and James
Edmund Duffy, ship news report-
er of the New York Telegram,
was the first witness called.

Duffy was one of the first men
to interview Sorenson and was
one of the reporters criticized by
Sorenson yesterday when he de-
nied the statements attributed to
him.

Duffy started reading from his
original notes, jotted down as he
interviewed Sorenson the day the
steamship captain returned.

COOPER FILLS TWO OFFICES

Director of Finance and Pri-
vate Secretary Named By
Governor-elect.

COLUMBUS, Nov. 21.—Govern-
or-elect Myers Y. Cooper has filled
two of the most important
posts in his cabinet—those of state
director of finance and his private
secretary.

Harry D. Silver, Republican
state campaign manager, was
named director of finance and in
all probability will be known as
the "premier" of the administra-
tion.

Charles A. Jones, secretary to
the late Senator Frank B. Willis,
received the secretarial appoint-
ment.

Both appointments were forecast
by political observers ten days ago.
Silver managed Cooper's gub-
ernatorial campaign in 1926 and
again this year. He is a veteran
legislator and during his legisla-
tive career was chairman of the
house finance committee and later
speaker of the house.

Silver resigned in 1925 to be-
come deputy state auditor and left
this office in 1926 to manager Co-
oper's first campaign. He was later
reappointed.

Jones was secretary of the state
tax commission during the Willis
administration and in the recent
state campaign, was head of the
Republican publicity department.

Both Jones and Silver are grad-
uates of Ohio Wesleyan university.

FALLS FIVE MILES After Losing His Senses and Lives

VILLA COUBLAY, France, Nov. 21.—
The French Pilot Le Moigne,
attempting to break the world's
altitude record today, lost con-
sciousness when his oxygen inhaler
failed at 30,000 feet and fell nearly
5 miles before regaining his
senses.

Regaining consciousness approx-
imately 4,000 feet above the
ground, he righted his plane and
landed safely.

Le Moigne had been in the air
one hour and ten minutes when
his oxygen failed.

JAPANESE AIRMAN DROWNED IN OCEAN

TOKYO, Nov. 21.—The Japanese
Pilot Masao Iwata was drowned
today when an airplane he was
flying for Nippon Dempo fell in-
to the sea.

Iwata was carrying the pictures
of the arrival of the Emperor Hi-
rohito and his party at the Ise
shrines to Kyoto for the news-
paper.

A second plane carrying similar
pictures for the newspaper was
missing and it was feared it had
crashed in the mountains.

The emperor and empress were
expected to return to Kyoto
Thursday, after the completion of
the Ise ceremonies.

ported to Dr. G. W. Heffner, coun-

CLOAK MODEL N. Y. GUEST FOR INQUIRY

Mrs. Ruth Keyes Will Help
Police Find Slayer of
Famous Gambler.

NEW YORK, Nov. 21.—The city
officially entertained a pretty
blond cloak model from Chicago
today, giving her the escort and
attention often accorded visiting
celebrities, as the law authorities
trooped around in circles trying to
find out who killed Arnold Roth-
stein.

The pretty cloak model is Mrs.
Ruth Keyes whose chief claim to
the vast publicity accorded her is
that she had several drinks in the
room in which Rothstein was kill-
ed.

VOLUNTARY WITNESS
She was brought to New York
last night a voluntary witness and
alighted from the Chicago train
at the 125th-st station, where Babe
Ruth, Governor Smith, and other
celebrities often leave the train to
avoid crowds. Police motor cars
met her. A police matron was as-
signed to her to be certain she
wasn't lonesome. She was taken
to a hotel and hidden from re-
porters.

This morning she was brought
down to the office of District At-
torney Joab Banton, again richly
escorted, for a conference center-
ing on the Rothstein case and lat-
er will visit police headquarters
to look at pictures—the muggy
portraits of the better known
characters in New York's under-
world.

District Attorney Banton was
not at his office but Mrs. Keyes
was interviewed by Assistant Dis-
trict Attorney Marra.

DENIES KNOWLEDGE
Mrs. Keyes denied knowl-
edge of who killed the mysterious
Arnold Rothstein, the gentleman
gambler de luxe who would as
soon have bet a half million as the
ordinary person would bet five.
She said she never even met Roth-
stein.

But she was visiting the Park
Central hotel the early part of
November and was a guest there
on Nov. 4, the night Rothstein
was killed. "She met a 'Jack'—
a charming fellow—who invited
her to have a drink in room 349.
She met several men there. A
few hours later Rothstein was shot
in room 349 and police hope Mrs.
Keyes may be able to tell who
some of the men were in that
room.

PLAN DETROIT DRY SHAKE-UP

Federal Authorities Dissatis-
fied With Conditions At
Auto Center.

WASHINGTON, Nov. 21.—A
shake-up of all prohibition enforce-
ment groups along the Detroit
river was discussed by treasury
department executives today.

Admitting dry conditions in the
vicinity of Detroit were "very un-
satisfactory," Prohibition Com-
missioner Doran U. S. District At-
torney John R. Watkins of Detroit;
Prohibition Administrator Thomas
Stone, of Michigan; Special Dry
Agent Woods of Detroit and cus-
tom officials conferred today to ar-
range personnel changes for that
territory.

The first Detroit shake-up will
come in the customs border patrol,
it was stated. Under cover in-
vestigators, authorities said, have
found a number of patrolmen lax
in their duties and they will be
removed.

Doran planned to transfer a
number of agents from Michigan
into new fields and replace them
with men whose faces are not fam-
iliar to rum runners.

Simultaneously the coast guard
began shifting some of its patrol
boats to southern waters, a sea-
sonal change, but arranged so as
to work in with the general
changes contemplated.

REPORT VICTIM OF CRASH IMPROVING

The condition of Donald Nance,
14, of South Bloomfield, who suf-
fered a probable fractured skull
and internal injuries Tuesday
about noon when the Ford roadster
in which he was riding collided
with a southbound Scioto Valley
traction car in Ashtabula was re-
ported by Dr. R. S. Hosler of Asht-
abula as good Wednesday.

Ralph Roby, 17, and Earl Ston-
erock, 15, also of South Bloom-
field, escaped from the accident
with only slight cuts and bruises.

According to spectators the
roadster crashed into the front
truck of the traction car and
Nance was hurled into the air,
falling on his head on a concrete
walk.

ered at the Walnut-twp central-
ized school building to attend the
second of a series of meetings
being held in the county under
the direction of the farm bureau
for the tuberculosis testing of cat-
tle. H. S. Lewis, county agent,
is in charge of the meetings.

A similar meeting will be held
at the Washington-twp school
Wednesday night.

At all meetings the farmers have
shown great interest in the pro-
ject and have been in favor of

FORECASTS AMERICA-MEXICO AMITY

Lieut. Col. Ramon Limon, chief aid of President Calles of Mexico, with his wife, Mrs. Emma Limon (left) and Miss Refugio Tirado, sister-in-law, at Chicago en route to Rochester, Minn., where Col. SEA DENIZENS LURES HOOVER

President-elect Plans To Try
His Hand at Catching
Ocean Fish.

Aboard the U. S. S. Maryland, at
Sea, Nov. 21.—The itinerary of
President-elect Herbert Hoover's
goodwill tour for the west coast of
Central and South America was
announced as follows:

Nov. 25—Arrive Amapaia, Hon-
duras, visit La Union, Salvador (10
miles from Amapaia). Both cities
are near the Pacific terminus of
the proposed Nicaraguan canal
route).

Nov. 26—Arrive Corinto, Nicara-
gua.

Nov. 27—Punta Arenas, Costa
Rica.

Nov. 30—Guayaquil, Ecuador.
Dec. 3—Callao, Peru.
Dec. 7—Valparaiso, Chile.

The cities given are ports where
the president-elect's party will
land. The date of arrival at Guay-
aquil may be changed by a day or
two.

Unfavorable landing conditions
prevent a call at Guatemala, it
was announced, and too much di-
version would be necessary to make
calls at Panama, Colombia and
Bolivia on the southern passage.

From Valparaiso or some other
Chilean point, the Hoover party
will go to Argentina via the trans-
Andean railroad and on the north-
ward trip on board the U. S. S.
Utah, it is known that they will
visit Brazil, and perhaps other
South American countries before
continuing to Mexico City and
Havana.

Naval authorities estimated that
it would cost \$5,000 a day to car-
ry the president-elect by battle-
ship. On the basis of a 40-day
cruise on board the Maryland and
Utah, the navy will spend about
\$200,000 toward the goodwill mis-
sion. It was pointed out, however,
that if the two vessels were not
being used on the tour, they would
be cruising elsewhere so that the
tour represents no greater outlay
than would have been necessary
in normal navy routine.

AX WEILDER HAS CITY IN FEAR FRENZY

Entire Omaha Searching For
"Hatchet Killer" Who Has
Slain Three.

OMAHA, Nebr., Nov. 21.—After
a fitful night of sleep, residents
of Omaha awoke this morning and
learned with a sigh of relief that
the "hatchet killer" had not struck
last night.

The death toll stood at three to-
day. Sunday night the body of
Joseph Blackman, 75, was found
in his home he had been hacked
to death as he slept.

Early Monday the hatchet man
entered the home of Waldo Reaso,
milkman, shortly after he left at
3 a. m. He killed Mrs. Reaso, 21,
mother of two children, and then
went upstairs where he killed her
sister, Miss Creta Brown, 18.

TALK SAVES LIFE
Reaso found the bodies when he
returned from work about 2 p. m.
The bodies lay on the beds hack-
ed and stripped of nightclothing.
The two children had not been
harm.

The latest attack was that on
Mr. and Mrs. Harold Stribling ear-
ly Tuesday.

"I was awakened about 3
o'clock," Mrs. Stribling told police.
"A mulatto was standing over our
bed. He had his ax raised. I
screamed but the ax fell before
Harold could do anything. He
struck Harold again and then hit
me."

"I begged him to quit. He did
so and we talked for a long time.
I tried to get him to go away.
Mollie, our 18-months-old girl, lay
between Harold and me. The killer
pulled back the covers and
looked at her for a long time. I
was afraid he was going to hit
her, too."

"He made me get up and go with
him. Dressed only in a silk night-
gown, I was forced to walk three
miles through the cold to a swamp
where he kept me an hour before
he left."

HUSBAND NEAR DEATH
Mrs. Stribling staggered to the
outskirts of town and found a de-
fective.

Stribling was near death today
with a fractured skull. Mrs. Strib-
ling's nose was broken by the mul-
atto.

A battery of telephone operators
remained on duty all night to flash
warnings to other city in the mulat-
to was known to be abroad.

A flashing of electric lights in
the homes of any district was to
be the signal for policemen to call
headquarters for instructions as to
where to trail the mulatto.

Dozens of negroes were taken
into custody and questioned, but
none answered the description given
by Mrs. Stribling. She said the
assailant was light and about 21
years old. Police believe the
crimes were committed by a de-
generate or an escaped lunatic.

CITY COUNCIL TO ACT ON HOSPITAL

The hospital bond issue will
probably be the most important
issue before the city council at
the regular meeting Wednesday
night. Council will probably pass
an ordinance for the issuance of
bonds for the construction of the
city hospital.

It is also thought Mayor E. T.
Hedges will report to council the
names of persons he has chosen
to act as trustees of the hospital.

OF C. TO PROTEST BUS LINE PLANS

Extension of Cannonball Facilities From Chillicothe to Columbus Opposed.

At the regular meeting of the Chamber of Commerce Tuesday night it voted to file protest with the Public Utilities Commission against granting the request of the Cannon Ball Transportation company extending its bus line from Chillicothe to Columbus and carrying passengers along this route between intermediate points.

If granted this permission, the company intends to use the Cannon pike. At the present time the Inter-State bus line is operating between Charleston, W. BREHMER RIFLEMEN VICTORS IN SHOOT

The Circleville Rifle club held a team match at the Armory Tuesday night. The captains of the teams were George Leist and Bob Brehmer. Brehmer's team won the match by five points. The high men were George Adkins, first; George Leist, second; Vern Pontius, third, and Brehmer, fourth. There were two points difference in the scores of the four high men.

About 22 members are now enrolled in the club.

they know their tricks now and will mourn when they are separated. If they are sold in groups new masters and new voices will confuse them and life will develop new difficulties.

Some one might buy the goats and their new home may be an ideal one on a farm, or if show people buy them their stage duties will begin again.

The persons who have seen these animals perform are hoping that each one will be bought by masters who will be as kind as their former circus owners, who understood them. Who can tell? They might all draw homes in or around Circleville, and meet occasionally on the street and pause for a moment of reminiscence.

So it is that the sale Saturday will be something more than an auction of inanimate objects, but of animal souls that may not understand but will be anxious to know what fate has in store.

COOPER FILLS TWO OFFICES

Director of Finance and Private Secretary Named By Governor-elect.

COLUMBUS, Nov. 21—Governor-elect Myers Y. Cooper has filled two of the most important posts in his cabinet—those of state director of finance and his private secretary.

Harry D. Silver, Republican state campaign manager, was named director of finance and in all probability will be known as the "premier" of the administration.

Charles A. Jones, secretary to the late Senator Frank B. Willis, received the secretarial appointment.

Both appointments were forecast by political observers ten days ago. Silver managed Cooper's gubernatorial campaign in 1926 and again this year. He is a veteran legislator and during his legislative career was chairman of the house finance committee and later speaker of the house.

Silver resigned in 1925 to become deputy state auditor and left this office in 1926 to manage Cooper's first campaign. He was later reappointed.

Jones was secretary of the state tax commission during the Willis administration and in the recent state campaign, was head of the Republican publicity department.

Both Jones and Silver are graduates of Ohio Wesleyan university.

QUIZ CAPTAIN ABOUT STORY

Federal Authorities Check On Statements Made By Survivors of Vestris.

NEW YORK, Nov. 21.—The question of just what Captain Frederick Sorenson, a licensed ship master who was a passenger on the S. S. Vestris, said upon his arrival back in New York was the first point taken up today at the federal investigations into the sinking of the South American liner.

When Sorenson was brought in on the rescue liner American Shipper, he was widely quoted as saying that Captain William J. Carey of the Vestris was guilty of criminal negligence and that the life boat crews were "murderers."

The commerce department hearing, conducted by Dickenson N. Hoover the supervising inspector general of the steamboat inspection service, was the first to get underway this morning and James Edmund Duffy, ship news reporter of the New York Telegram, was the first witness called.

Duffy was one of the first men to interview Sorenson and was one of the reporters criticized by Sorenson yesterday when he denied the statements attributed to him.

Duffy started reading from his original notes, jotted down as he interviewed Sorenson the day the steamship captain returned.

Falls Five Miles After Losing His Senses and Lives

VILLA COUBLAY, France, Nov. 21.—The French Pilot Le Moigne, attempting to break the world's altitude record today, lost consciousness when his oxygen inhaler failed at 30,000 feet and fell nearly 5 miles before regaining his senses.

Regaining consciousness approximately 4,000 feet above the ground, he righted his plane and landed safely.

Le Moigne had been in the air one hour and ten minutes when his oxygen failed.

JAPANESE AIRMAN DROWNED IN OCEAN

TOKYO, Nov. 21.—The Japanese Pilot Masao Iwata was drowned today when an airplane he was flying for Nippon Dempo fell into the sea.

Iwata was carrying the pictures of the arrival of the Emperor Hirohito and his party at the Ise shrines to Kyoto for the newspaper.

A second plane carrying similar pictures for the newspaper was missing and it was feared it had crashed in the mountains.

The emperor and empress were expected to return to Kyoto, Thursday, after the completion of the Ise ceremonies.

Mrs. Hugh McManamy of N. Court-st returned home Monday evening after a two weeks' visit with relatives and friends at Lafayette, Ind.

CLOAK MODEL N. Y. GUEST FOR INQUIRY

Mrs. Ruth Keyes Will Help Police Find Slayer of Famous Gambler.

NEW YORK, Nov. 21.—The city officially entertained a pretty blond cloak model from Chicago today, giving her the escort and attention often accorded visiting celebrities, as the law authorities trotted around in circles trying to find out who killed Arnold Rothstein.

The pretty cloak model is Mrs. Ruth Keyes whose chief claim to the vast publicity accorded her is that she had several drinks in the room in which Rothstein was killed.

VOLUNTARY WITNESS

She was brought to New York last night a voluntary witness and alighted from the Chicago train at the 125th-st station, where Babe Ruth, Governor Smith, and other celebrities often leave the train to avoid crowds. Police motor cars met her. A police matron was assigned to her to be certain she wasn't lonesome. She was taken to a hotel and hidden from reporters.

This morning she was brought down to the office of District Attorney Joab Banton, again richly escorted, for a conference centering on the Rothstein case and later will visit police headquarters to look at pictures—the muggy portraits of the better known characters in New York's underworld.

District Attorney Banton was not at his office but Mrs. Keyes was interviewed by Assistant District Attorney Marra.

DENIES KNOWLEDGE

Mrs. Keyes has denied knowledge of who killed the mysterious Arnold Rothstein, the gentleman gambler de luxe who would as soon have bet a half million as the ordinary person would bet five. She said she never even met Rothstein.

But she was visiting the Park Central hotel the early part of November and was a guest there on Nov. 4, the night Rothstein was killed. She met a "Jack," a charming fellow—who invited her to have a drink in room 349. She met several men there. A few hours later Rothstein was shot in room 349 and police hope Mrs. Keyes may be able to tell who some of the men were in that room.

PLAN DETROIT DRY SHAKE-UP

Federal Authorities Dissatisfied With Conditions At Auto Center.

WASHINGTON, Nov. 21.—A shake-up of all prohibition enforcement groups along the Detroit river was discussed by treasury department executives today.

Admitting dry conditions in the vicinity of Detroit were "very unsatisfactory," Prohibition Commissioner Doran U. S. District Attorney John R. Watkins of Detroit; Prohibition Administrator Thomas Stone, of Michigan; Special Dry Agent Woods of Detroit and customs officials conferred today to arrange personnel changes for that territory.

The first Detroit shake-up will come in the customs border patrol, it was stated. Under cover investigators, authorities said, have found a number of patrolmen lax in their duties and they will be removed.

Doran planned to transfer a number of agents from Michigan into new fields and replace them with men whose faces are not familiar to rum runners.

Simultaneously the coast guard began shifting some of its patrol boats to southern waters, a seasonal change, but arranged so as to work in with the general changes contemplated.

SEA DENIZENS LURES HOOVER

President-elect Plans To Try His Hand at Catching Ocean Fish.

Aboard the U.S.S. Maryland, at Sea, Nov. 21.—President-elect Herbert Hoover looked forward with keen zest today to a few hours' sport with the fighting deep sea fish that lurk off the lower California coast.

The mighty Maryland increased her speed to 18 knots and headed for the fishing grounds off Cape San Lucas and expected to arrive this afternoon.

Four boats were in readiness to put over the side for the deep-sea anglers. Hoover and his party plan to use a big open motor sailer. They will troll from the launch with spoons and other artificial equipment.

A star-jewelled white night of the tropics, last night brought forth ducks and flannels and members of the Hoover party mopped their brows with handkerchiefs, as yet unaccustomed to the humid weather that will be their lot for many weeks.

The president-elect donned flannel trousers and white shoes, but he continued to wear his customary high stiff collar and a blue coat.

Hoover has broken the seclusion he had maintained during the first hours of the voyage and spends much of his time on deck, promenading with Henry P. Fletcher, ambassador to Italy and his official representative and diplomatic adviser, and with Captain Kimbly, of the Maryland.

Mr. and Mrs. Hoover and their son Allan attended the moving pictures shown on board, last night.

REPORT VICTIM OF CRASH IMPROVING

The condition of Donald Nance, 14, of South Bloomfield, who suffered a probable fractured skull and internal injuries Tuesday about noon when the Ford roadster in which he was riding collided with a southbound Scioto Valley traction car in Ashville was reported by Dr. R. S. Hosler of Ashville as good Wednesday.

Ralph Roby, 17, and Earl Stonerock, 15, also of South Bloomfield, escaped from the accident with only slight cuts and bruises.

According to spectators the roadster crashed into the front truck of the traction car and Nance was hurled into the air, falling on his head on a concrete walk.

AX WELDER HAS CITY IN FEAR FRENZY

Entire Omaha Searching For "Hatchet Killer" Who Has Slain Three.

OMAHA, Nebr., Nov. 21.—After a fitful night of sleep, residents of Omaha awoke this morning and learned with a sigh of relief that the "hatchet killer" had not struck last night.

The death toll stood at three today. Sunday night the body of Joseph Blackman, 75, was found in his home he had been hacked to death as he slept.

Early Monday the hatchet man entered the home of Waldo Resso, milkman, shortly after he left at 3 a. m. He killed Mrs. Resso, 21, mother of two children, and then went upstairs where he killed her sister, Miss Creta Brown, 18.

Resso found the bodies when he returned from work about 2 p. m. The bodies lay on the beds hacked and stripped of nightclothing. The two children had not been harmed.

The latest attack was that on Mr. and Mrs. Harold Stribling early Tuesday.

"I was awakened about 3 o'clock," Mrs. Stribling told police. "A mulatto was standing over our bed. He had his ax raised. I screamed but the ax fell before Harold could do anything. He struck Harold again and then hit me."

"I begged him to quit. He did so and we talked for a long time. I tried to get him to go away. Mollie, our 18-month-old girl, lay between Harold and me. The killer pulled back the covers and looked at her for a long time. I was afraid he was going to hit her, too."

"He made me get up and go with him. Dressed only in a silk nightgown, I was forced to walk three miles through the cold to a swamp where he kept me an hour before he left."

HUSBAND NEAR DEATH

Mrs. Stribling staggered to the outskirts of town and found a detective. Stribling was near death today with a fractured skull. Mrs. Stribling's nose was broken by the mulatto.

A battery of telephone operators remained on duty all night to flash warnings to other city in the mulatto was known to be abroad.

A flashing of electric lights in the homes of any district was to be the signal for policemen to call headquarters for instructions as to where to trail the mulatto.

Dozens of negroes were taken into custody and questioned but none answered the description given by Mrs. Stribling. She said the assailant was light and about 21 years old. Police believe the crimes were committed by a degenerate or an escaped lunatic.

It is also thought Mayor B. T. Hedges will report to council the names of persons he has chosen to act as trustees of the hospital.

TIGERS START PRACTICE FOR CAGE SEASON

Prospects This Year Could Be Better—Grid Workouts Are Continuing.

Many of the C.H.S. athletes are getting plenty of exercise, first in football and then on the gym floor. Although the Ashville football team is not until Nov. 28, Coach Guthrie is putting his boys through drills and occasional scrimmage every night. He believes the fact that Circleville is in the cellar of the S. C. O. league is no reason why Ashville thinks it can beat the Tigers and take the cellar away from them, the only thing they do hold in the league. Ashville has bumped up against some strong teams and many are rather leary about this game. A large crowd is expected to gather at the game in the town up the car track for the last chance of the season to see the boys play.

PROSPECTS POOR
Prospects of a good basketball team this year look about as good as a snowfall on a stove. There's something lacking at old C.H.S. They have the men but they fail to play the game they are capable of playing. To watch the squads at football practice one would think the team would surely rank as champions of something. On the field during a game they are "all wet." The coach isn't to blame as he has discussed and cussed football with them all.

One evening at football practice, according to a spectator, Coach Guthrie picked up the ball and started down the field like a house afire. He wore a clean white shirt and the shirt was as clean when he arrived at the other end of the field as it was when he started. What he told his proteges is not recorded.

Davis, back in short pants for the basketball season barring accidents and Heeter, with some experience from last year, will be the only men with experience on this year's cage team, according to the coach.

UP TO PLAYERS

Guthrie will do his best and its up to the boys to do the rest. It is rumored Chillicothe is of the opinion the S.C.O. league isn't big enough for them as they prefer larger schools and are more or less tired of fooling with the little ones that they can walk all over.

After school the coach is having

All Symptoms of Disordered Stomach Quickly Conquered By Master Herbal Medicine.

MR. ALBERT CLUCKY.

"In all my life I have never seen a medicine that so quickly combats and conquers the various health troubles and in my case, this medicine so easily restored my health that I was astounded," said Mr. Albert Clucky, Fairfield Drive, Toledo, Ohio.

"Vast quantities of poisons gathered in my system and so disorganized the inner-organs that I led a life of misery. My stomach gave me the most trouble, also my liver and kidneys acted up and brought on severe pains across the small of my back. Lack of ambition and energy made my work a drudgery."

"I was prevailed upon to give Konjola a trial although I had little or no hope that it would help me. But I have a different story to tell now. Two bottles of this medicine restored my health. Konjola regulated my inner-organs so that my stomach, liver and kidneys functioned perfectly. I have so much more energy and vitality that I hardly know I was ever in poor health. There would be a great deal less suffering in this world if only more people in poor health would give Konjola a trial."

Konjola is sold in Circleville, O. at Mykranitz Pharmacy, and by all the best druggists in every town throughout this entire section.

Percy Lee Jones, baseball's "\$500,000 pitcher," is now a member of Judge Emil B. Fuchs' Boston national league team having gone to the Braves as partial payment in the deal by which the Chicago Cubs acquired Rogers Hornsby.

Transfer of a half-million dollar player, four other athletes and \$150,000 in cash for Hornsby, who is valued at \$300,000, might have the appearance of an uneven trade but for the fact that Hornsby's worth is considered on a playing basis whereas Jones' rating is strictly financial.

Jones last spring fell heir to a half million dollar fortune bequeathed him by an aunt. The fortune is tied up by litigation and for the present, at least, Percy Lee must continue pitching ball for his steak and onions.

Incidentally the steak and onions are Jones' favorite diet and if the Braves expect Percy Lee to win ball games they must see that this dish is available to break the monotony of the city's traditional beans. Percy Lee's presence in the city is unlikely to cause a shortage in the onion market, but only because Mrs. Jones rigidly enforces the "no victory—no fried onions" rule.

An In-And-Out
Jones can have his steak with fried onions whenever he wins a ball game and during the 1927 season made 39 attempts to win his prize. The records reveal that Mrs. Jones had to fry onions only ten times during the season, her spouse being credited with ten victories and six defeats. In the 39 games Jones worked in he pitched 155 innings, allowing 81 runs, issuing 56 walks and fanning 41 batsmen.

Jones has unusual ability but during his career with the Cubs has been an in-and-out. During

football practice and in the evening basketball practice.

Miss Rains is now queen of the gym in the afternoons and is coaching her prospects for a good girls' team for this year. The girls had a real team last year and Circleville is looking for a similar one for this year's cage season.

ST. LOUIS AWARDED AMATEUR MEETING

NEW YORK, Nov. 21.—With a middlewestern man as president, the next convention awarded to St. Louis and the men's senior and junior national outdoor track and field championships awarded to Denver, the east will not dominate the amateur athletic union during the coming year as it has for the last several years.

Avery Brundage, Chicago building contractor and former Illinois athlete, was elected president to succeed Murray Hulbert, who has held office for the last four years. With Brundage, a middlewestern and former college man, as president, amateur athletic leaders today speculated over the Big Ten affiliating with A. A. U. in the near future.

Other officers elected follow: First Vice-president Judge Fred L. Hoffman, Cincinnati; Second Vice-president Yrman Obertubessing, New York; Third Vice-president Harry Maloney, Palo Alto, Calif.; Fourth Vice-president Joseph T. England, Baltimore; Secretary-Treasurer Daniel J. Ferris, New York.

Last year nearly 2,000 airplanes were built in the United States.

2 CHURCH SCHOOLS TO MEET FOR TITLE

DELAWARE, O., Nov. 21.—Edwards athletic field will feel the tread of football cleats for the last time Saturday when the Wittenberg Lutherans and the Battling Bishops clash with the Buckeye conference title at stake.

The Battling Bishops, in the opinion of sports scribes, snatched the conference crown last Saturday when they beat the Ohio University Bobcats, but the trophy is not yet safely tucked away.

The Lutherans have lost only one game this season and if they can beat the galloping Bishops, they will go into a tie for first honors.

The Bobcats last Saturday gave the Bishops a battle they won't forget in years to come and the Bishops barely nosed out a 7 to 0 victory.

YANKEE ATHLETES FASTER, BETTER

NEW YORK, Nov. 21.—New American track and field records recognized by the Amateur Athletic Union during its fortieth annual convention lend support to the belief that athletes are getting faster and faster in the track events and better and better in the field events.

Any man who believes the 100 yards will never be run under 9 3-5 seconds may soon see the day when the record is crashed beyond a shadow of doubt.

Charley Paddock, once but no more the world's fastest human, is credited with 9 5-10 for the 100 yards at Los Angeles May 15, 1926, in the applications for new world's records in the athletic all-manac, but he will never get official recognition for the mark by the International Amateur Athletic Federation. Paddock's record was rejected because the foreign group questions the accuracy of tenth second watches.

The record committee of the A. A. U. at the convention which closed yesterday postponed action on Frank Hussey's mark of 6 4-5 seconds for 70 yards indoors at Hartford, Conn., March 17, 1928, until next year because the rate of speed at which Hussey was timed seemed impossible.

Percy Lee's presence in the city is unlikely to cause a shortage in the onion market, but only because Mrs. Jones rigidly enforces the "no victory—no fried onions" rule.

An In-And-Out-er
Jones can have his steak with fried onions whenever he wins a ball game and during the 1927 season made 39 attempts to win his prize. The records reveal that Mrs. Jones had to fry onions only ten times during the season, her spouse being credited with ten victories and six defeats. In the 39 games Jones worked in he pitched 155 innings, allowing 81 runs, issuing 56 walks and fanning 41 batsmen.

Jones has unusual ability but during his career with the Cubs has been an in-and-out-er. During football practice and in the evening basketball practice.

ST. LOUIS AWARDED AMATEUR MEETING

NEW YORK, Nov. 21.—With a middlewestern man as president, the next convention awarded to St. Louis and the men's senior and junior national outdoor track and field championships awarded to Denver, the east will not dominate the amateur Athletic union during the coming year as it has for the last several years.

Avery Brundage, Chicago building contractor and former Illinois athlete, was elected president to succeed Murray Hulbert, who has held office for the last four years. With Brundage, a middlewestern and former college man, as president, amateur athletic leaders today speculated over the Big Ten affiliating with A. A. U. in the near future.

Other officers elected follow: First Vice-president Judge Fred L. Hoffman, Cincinnati; Second Vice-president Yrman Obertubessing, New York; Third Vice-president Harry Maloney, Palo Alto, Calif.; Fourth Vice-president Joseph T. England, Baltimore; Secretary-Treasurer Daniel J. Ferris, New York.

Last year nearly 2,000 airplanes were built in the United States.

the last two seasons Jones has enjoyed only indifferent success, although known as the "Cubs' Giant Killer," because of his success against the men of McGraw at various times.

Boston needs a "Giant Killer"—as was shown in one series last season when they lost eight games in four days to the New Yorkers—and the change of atmosphere may be beneficial to Jones.

Percy Lee was born in Dallas, on Oct. 28, 1899. He started his professional baseball career with Eastland in the West Texas league and first attracted major league attention in 1921. Jack Doyle, Cub scout, watched Jones pitch in a semi-pro game at Dallas one Sunday afternoon and a few hours later put him aboard a train enroute for Cub headquarters.

Jones was sent on to New York, where the Cubs were playing at the time. Big cities held no terrors for Percy Lee and his first words to the Cub representative who met his train were, "Well, wheres' the main stem of this berg."

ONCE RAIL BRAKEMAN
The irresistible desire to visit the "main stem" of whatever town he was quartered in, had much to do with Jones' inability to settle down into major league form and after three years with the Cubs the southpaw was sent to Los Angeles and Seattle. Jones returned to the Cubs, via the waiver route, and for the past two seasons has been a member of the Bruin curving corps.

At the start of the 1927 season Jones gave promise of being a consistent winner, but after leading the Cub pitching staff for two months Percy Lee slumped badly and pitched only occasional good games for the balance of the year. During baseball's off season Jones makes his home in Dallas, and is employed in a commission office, although until two years ago he worked as a railroad brakeman during the off season.

Percy Lee has a world of "stuff" and one of the best pitching styles of any left hander in the game. Manager McCarthy, of the Cubs, believes that Jones will some day become one of baseball's great pitchers. If he does the Boston club may find that his pitching ability will win more games for the Braves than Hornsby's batting was able to gain during the past season.

Better Than Any Diet

Pay less attention to what you eat; not one person in a thousand needs it; or ever really has indigestion. Acidity, flatulence and heartburn are caused by excess stomach acid and food fermentation. Following a hasty lunch, or too hearty a dinner, a little "Pape's Diapiesin," instantly neutralizes excess acidity, stops that fermentation, and soothes and heals the acid-inflamed stomach lining as if by magic. Your recovery is quick, and complete. Make a special point of getting a 60-cent package of "Pape's Diapiesin" from your druggist today, and so follow the example of millions all over the world who use "Pape's Diapiesin" to end indigestion and allied stomach troubles.

With "Pape's Diapiesin" handy you can eat and enjoy whatever you fancy without fear of pain or discomfort to follow. At any rate, it's worth the trial, for lots of folks have found a new freedom at the table.

2 CHURCH SCHOOLS TO MEET FOR TITLE

DELAWARE, O., Nov. 21.—Edwards athletic field will feel the tread of football cleats for the last time Saturday when the Wittenberg Lutherans and the Battling Bishops clash with the Buckeye conference title at stake.

The Battling Bishops, in the opinion of sports scribes, clinched the conference crown last Saturday when they beat the Ohio University Bobcats, but the trophy is not yet safely tucked away.

The Lutherans have lost only one game this season and if they can beat the galloping Bishops, they will go into a tie for first honors.

The Bobcats last Saturday gave the Bishops a battle they won't forget in years to come and the Bishops barely nosed out a 7 to 0 victory.

YANKEE ATHLETES FASTER, BETTER

NEW YORK, Nov. 21.—New American track and field records recognized by the Amateur Athletic Union during its fortieth annual convention lend support to the belief that athletes are getting faster and faster in the track events and better and better in the field events.

Any man who believes the 100 yards will never be run under 9 3-5 seconds may soon see the day when the record is crashed beyond a shadow of doubt.

Charley Paddock, once but no more the world's fastest human, is credited with 9 5-10 for the 100 yards at Los Angeles May 15, 1926, in the applications for new world's records in the athletic almanac, but he will never get official recognition for the mark by the International Amateur Athletic Federation. Paddock's record was rejected because the foreign group questions the accuracy of tenth second watches.

The record committee of the A. A. U. at the convention which closed yesterday postponed action on Frank Hussey's mark of 6 4-5 seconds for 70 yards indoors at Hartford, Conn., March 17, 1928, until next year because the rate of speed at which Hussey was timed seemed impossible.

The Saltcreek teams received new suits this week and are expected to make a great appearance.

The boys' team of Centralia is new this year and the quality is unknown but the girls' team will be about the same as last year. A large crowd of country folks are expected to hook elbows with their neighbors to see the first game of the season.

On Friday evening, Nov. 23, the boys' and girls' basketball teams of Saltcreek-twp will meet the Centralia teams on the Tarlton floor for their first cage game of the season.

If You Have Been Ske of Five-cent Cigars

To the gentlemen of the jury—to you men who have the decision that you just can't afford to smoke for five cents—ask you to do so is to try one more cent brand: *Havana Ribbon*. You'll be surprised! At the price of five cents you get a cigar made entirely of long-filler tobacco. Never has such a thing? Maybe not. It's a joy's reality now. Not a trace of bitter, raspy under-ripe usually found in low-priced cigars. Nor any short, loose ends to ruin your mouth. No, sir, *Havana Ribbon* has the fragrance, mellowness, rich flavor of fine tobacco. Because every leaf is *RIPE*. Rich, one nickel, many nearby cigar counters. Try still, try a *Practical Pocket* ago of five cigars.

JOHN BARRYMORE TO WED DOLORES

HOLLYWOOD, Calif., Nov. 21—Romance today had claimed two of the movie colony's most popular members.

Arm in arm, Dolores Costello, 22-year-old daughter of the pioneer of the screen, Maurice Costello, and John Barrymore appeared at the Los Angeles county license bureau yesterday to file notice of intention to marry.

Miss Costello, who attained screen fame upon the tutelage of her fiancé, was content to smile while Barrymore did the talking. He said he was 41, and had been married three times. Miss Costello said she was 20 and never had been wed.

The news of the announcement caused considerable comment in the movie colony, where it was believed Barrymore still was married to the former Mrs. Leonard Thomas, novelist, who wrote under the name of "Michael Strange."

SERMON DESCRIBES FRUITS OF VICTORY

Good Sized Crowd Hears Dr. Wheeland Despite Unfavorable Weather.

Taking the words of Jesus, "In the world ye shall have Tribulations" and of Paul, "We are more than Conquerors," Dr. Clyde R. Wheeland at the Presbyterian church Tuesday night spoke on "The Content of the Victory Cup."

"We all wish there were some place like the land of beginning again where we could lay aside our mistakes, our failures, our sins, like an old coat to put on a new one," Dr. Wheeland said.

"Failure never comes until hope dies. No problem in life is past solution so long as a man is willing to fight the good fight. Jesus never says you shall not have victory but, you may have victory. Paul following in the way that Jesus led him through untold difficulties, overcame.

"In order that we may have peace, which is not rest but frictionless motion, we need the Christian confidence that pervades Paul and made him a conqueror. All through life one man is preparing for victory, another for defeat. A man with faith in God is already victorious. Small souls quit early. The fighting spirit on the football field is needed to win. Mere resistance is not enough. The moral element must always be present. We must always be on the side of

the right. We fight against principalities and powers.

"We can only be defeated when we drift away from God. We may follow the customs of the day or go with the crowd because we find it hard to fight alone. Stop considering your difficulties. We always defeat ourselves when we get under the juniper tree. We meet with many people who make you glad that you are living. God gives us just enough power to live for the day. God never despairs of any man because He knows His capabilities."

Notwithstanding the inclement weather a good audience was present. Wednesday night Dr. Wheeland speaks on the theme—"There is no Spiritual Tomorrow." The last of the children's meetings will be held Thursday after school.

Lucky?

When she comes to the footlight to acknowledge Broadway's applause of her marvelous dancing in "Side walks of New York," theatre-goers sit forward to admire her youthful charms; the fresh crispness of her rose petal skin and her gleaming black hair. She's Virginia Clark, of 143 Twenty-third St., Jackson Heights, New York City.

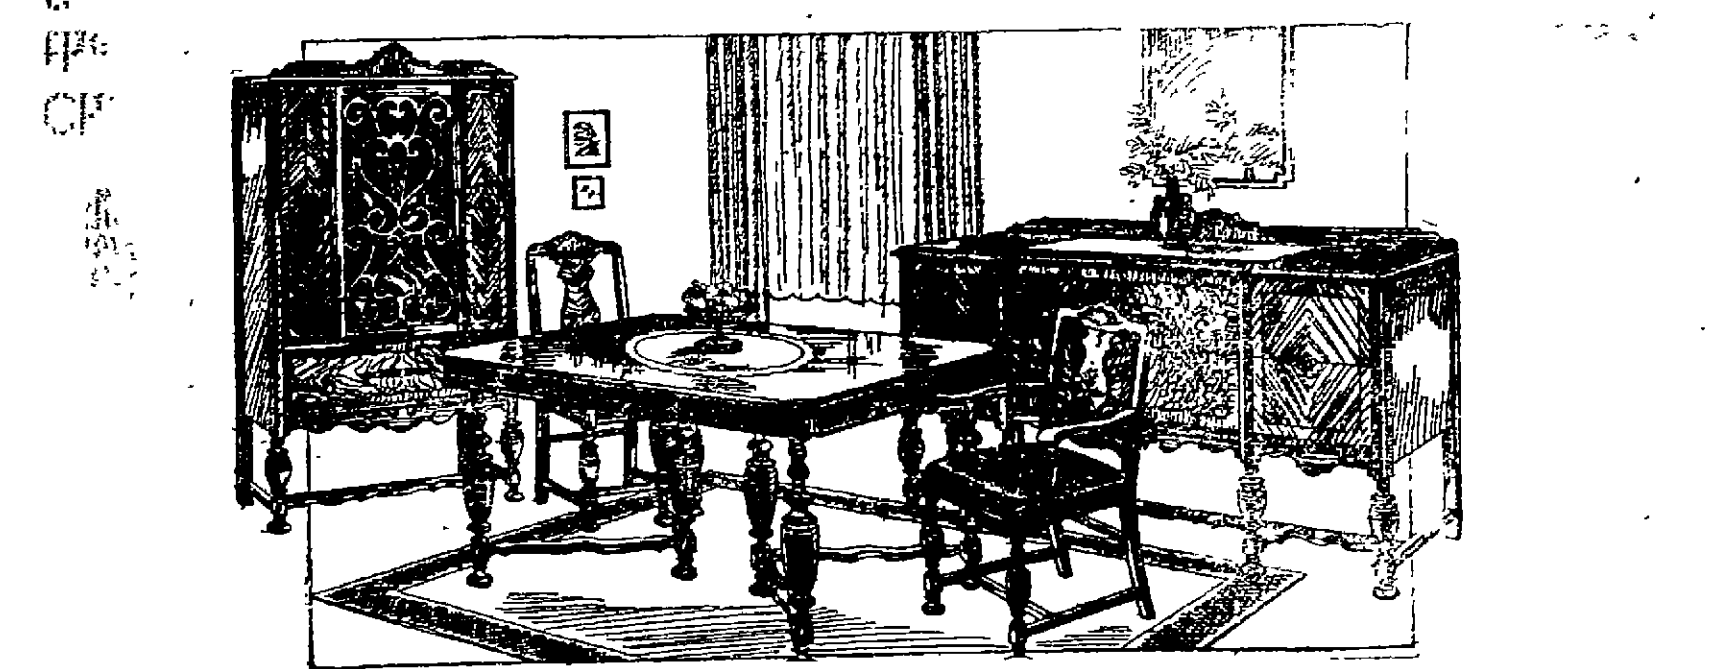

"When friends say I'm lucky to have such clear skin and soft, shining hair," says Miss Clark, "I have to tell them it isn't luck at all. In my case, it's the result of care. For my hair, I use the simple method that's all the rage among New York girls now. It's so easy. All you do is put a little Danderne on your brush each time you use it. The makes my scalp feel just grand and keeps away all dandruff. It keeps my hair and scalp so clean I don't have to shampoo nearly as often as I did. It makes my hair soft and easy to dress, holds it in place; and gives it more lustre than brilliantine!"

Danderne quickly removes the only film from your hair; brings out its natural color; makes it fairer, sparkles. Dandruff disappears when you use Danderne. Waves, set with it, stay in longer. It isn't only a hair dressing. All drug stores have the generous 35c bottles. Over 5 million used a year!

MAISES HOYT'S COMPOUND: CALLS IT THE "WONDER MEDICINE."

Mr. Addie Shepler, R. F. D. 1, Kingston who was born in Chillicothe and now lives in Kingston, Ohio, is yet another sufferer of this vicinity who is publicly praising Hoyt's compound the great natural mixture now being introduced every where at Wilder's Pharmacy, Circleville, by the Hoyt man in person.

MRS. ADDIE SHEPLER

Mrs. Shepler is past 62 years of age and has lived near Kingston nearly all her life. She is acquainted throughout this county. Her statement follows: One year ago last June I suffered a heart attack," said Mrs. Shepler. "The doctor advised me to go to the hospital at once. I stayed there two weeks and was brought home in an ambulance. The entire system was very weak and gradually growing weaker all the time. My WHOLE SYSTEM WAS WRECKED. My kidneys, bladder troubled me continually and my bowels were very irregular. I WAS NOTHING BUT N AND BONES. Had no appetite at all and anything I ate did not properly digest. I had about Hoyt's great Compound from Chillicothe residents whom I had been acquainted with for years, and began taking it at once. I got results from the first bottle. I am now up and feel fine. My heart is much improved, appetite has returned and I can now do most anything. Kidneys and bladder are much better and my bowels are now regular. I feel every day, sleep good at night. In fact I have improved wonderfully. All my friends and neighbors ask me what caused this miraculous change in me. I tell them to say that I have tried Hoyt's Compound. Too much to be said in behalf of this medicine." Mrs. Hoyt man, himself, is at Wilder's Pharmacy, Circleville, where he is daily introducing and lining this great compound to the crowds that call there to see him.

It has all the good qualities of the old-fashioned mustard plaster without the blister. First you feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief. Have Musterole handy for emergency use. It may prevent serious illness. What Doctors Think of the Laxative Habit

In all history, no Indian was ever known to have constipation. Nor need YOU. He chewed the bark of a tree called cascara. Today, we have the candy Cascaret. Cascaring the bowels never forms a laxative habit. If already formed, an occasional Cascaret will usually break the habit. For cascara strengthens the muscular walls of the bowels, and their need of any aid at all grows constantly less. What other cathartic has this characteristic? The writer knows of none. An evacuation brought gently about by cascara will, nine times in ten, be followed by full functioning of the bowels on the morrow—and for days after. For there is no REACTION as with sickening salts, or any of the man-made purgatives that go through one's system like a bullet. Physicians tell us cascara is the ideal laxative—and the tongue tells

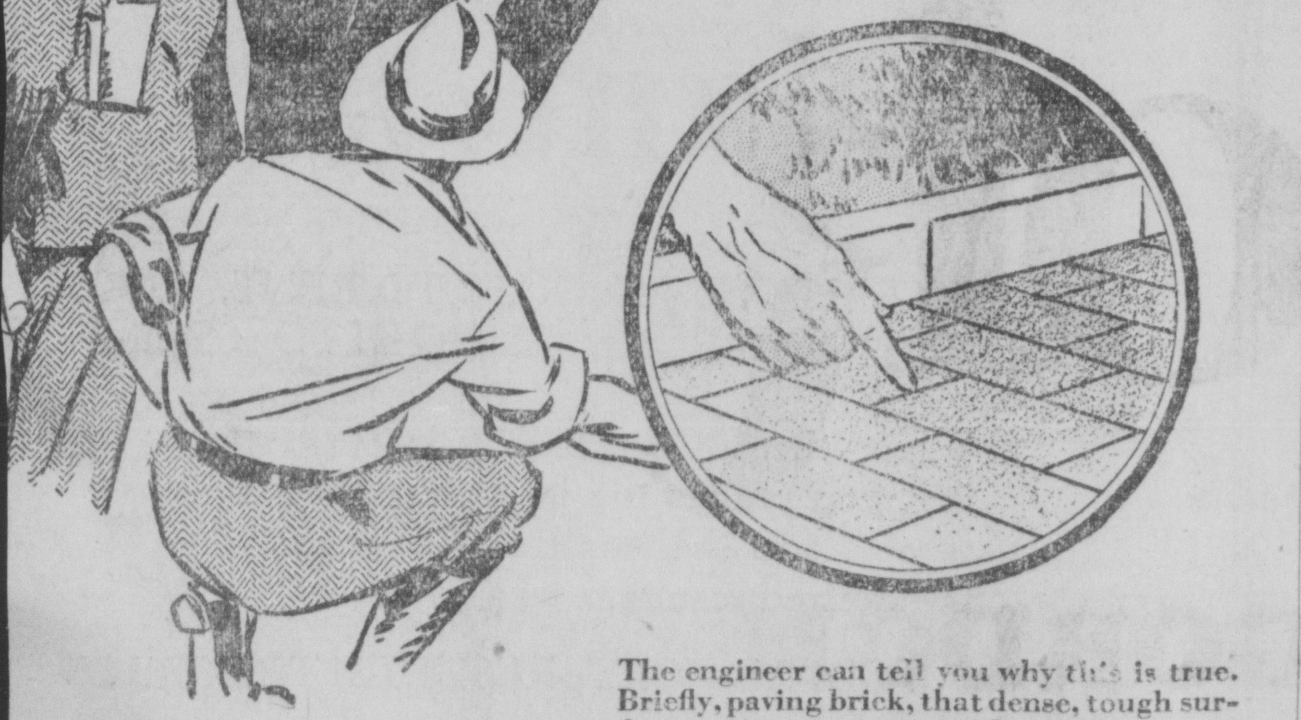

They Work While You Sleep!

us candy Cascarets are its ideal form. At least a million people know this; what a pity there are any who don't! Especially parents; because children love to take a Cascaret. After which, for days-on-end, the bowels will be seen to work of their own accord. The only habit from cascara is that of regularity! Cascarets tone and train the bowels. But at the first sign of returning sluggishness another Cascaret is as effective as the first. There isn't a druggist who hasn't Cascarets, so WHY experiment with laxatives?

When the Banker talks with the Engineer about PAVEMENTS

Both banker and engineer to be successful, must be keen judges of value. When they talk pavements, the truth comes out. The banker knows that brick pavements are a safe investment for any community, long life; less upkeep. He will tell you that they are thoroughly satisfactory even after 30 years of hard use and exposure to weather. They outlast the bonds.

"The A. B. C. of Good Paving," a taxpayer's manual tells in words and pictures how engineers today build ever-wearing, low cost, brick surfaced roads and streets. Address your request to National Paving Brick Manufacturers Association, National Press Building, Washington, D. C.

ATLANTA SCHOOLS
(By OAK TURNER.)

The Perry-tw basketball teams played their first game last Friday evening with Muhlenberg. The girls played a good game, but not quite as good as Muhlenberg did. Atlanta worked hard from start to finish.

After a minute of playing, Kirk shot a foul. Then Kinser of M. H. S. got lucky and scored with a field goal. Two fouls were shot by A. McCune and O. Kirk. Hott and Davis succeeded in making three fouls for Muhlenberg. The score at the half stood 3 to 5 with Muhlenberg in the lead.

In the last half G. Hoskins tried a long shot and it was good, but as luck would have it, Hott also got a field goal and two fouls. The final score was 5 to 9 in favor of Muhlenberg.

Disappointing as the showing of the Crimson and the Blue may have been this season, there remains an area over the forty-seventh parallel between these ancient rivals which is lacking elsewhere.

ONE of the big pictures of the year, this epic of pioneer days will add new laurels to Lillian Gish's fame. The great star reaches new heights of emotional power in a film of the untamed West. And rarely has one screen play had two such amazing thrills as the cyclone scenes and the wild horse stampede.

JOHN BARRYMORE TO WED DOLORES

HOLLYWOOD, Calif., Nov. 21—Romance today had claimed two of the movie colony's most popular members.

Arm in arm, Dolores Costello, 22-year-old daughter of the pioneer of the screen, Maurice Costello, and John Barrymore appeared at the Los Angeles county license bureau yesterday to file notice of intention to marry.

Miss Costello, who attained screen fame upon the tutelage of her fiancé, was content to smile while Barrymore did the talking. He said he was 41, and had been married three times. Miss Costello said she was 20 and never had been wed.

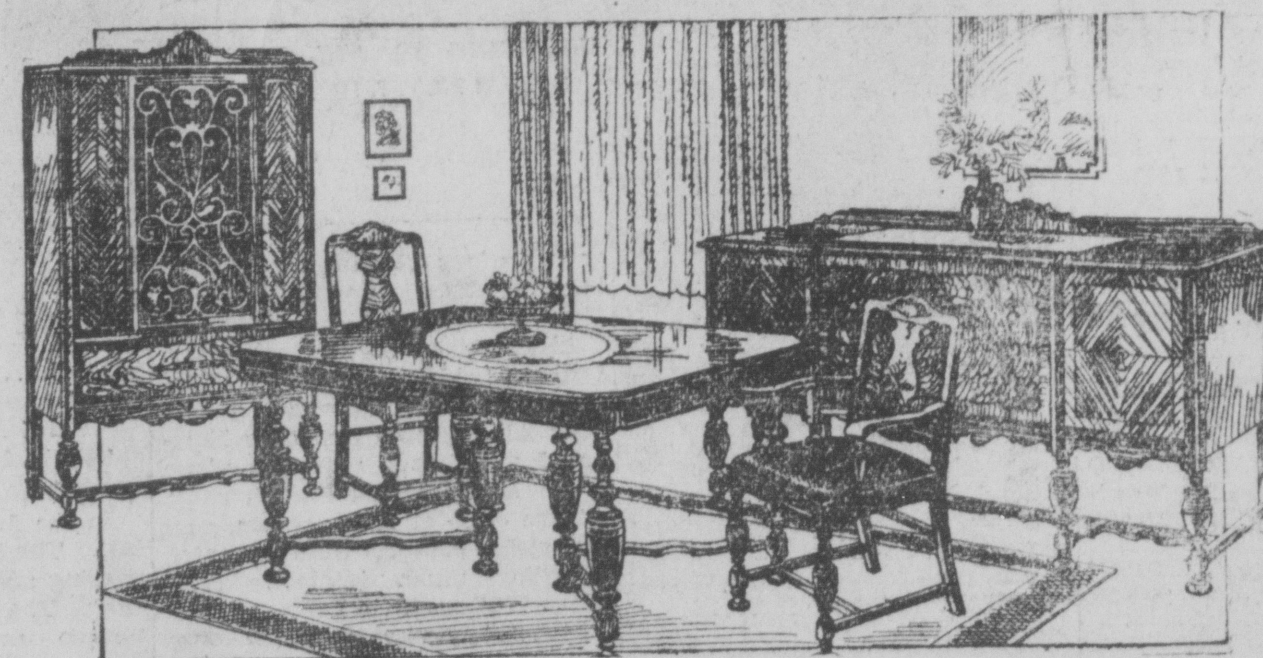

The news of the announcement caused considerable comment in the movie colony, where it was believed Barrymore still was married to the former Mrs. Leonard Thomas, novelist, who wrote under the name of 'Michael Strange.'

STOVES

Lucky?

When she comes to the footlight to acknowledge Broadway's applause of her marvelous dancing in "Side Salks of New York," theatre-goers sit forward to admire her youthful charms; the fresh crispness of her rose-petal skin and her gleaming black hair. She's Virginia Clark, of 143 Twenty-third St., Jackson Heights, New York City.

"When friends say I'm lucky to have such clear skin and soft, shining hair," says Miss Clark, "I have to tell them it isn't luck at all. In my case, it's the result of care. For my hair, I use the simple method that's all the rage among New York girls now. It's so easy. All you do is put a little Danderine on your brush each time you use it. This makes my scalp feel just grand and keeps away all dandruff. It keeps my hair and scalp so clean I don't have to shampoo nearly as often as I did. It makes my hair soft and easy to dress; holds it in place; and gives it more lustre than brilliant time!"

Danderine quickly removes the oily film from your hair; brings out its natural color; makes it fairly sparkle. Dandruff disappears when you use Danderine. Waves, set with it, stay in longer. It isn't oily and doesn't show. All drug stores have the generous size bottles. Over a million used a year!
